TO: School District Superintendents
District PAWS Coordinators
Accredited Institution Directors
Principals

FROM: Lesley Wangberg, Director of Assessment
Standards and Assessment Division

DATE: October 15, 2010

SUBJECT: PAWS Individual Student Reports

TIME SENSITIVE INFORMATION

Individual student reports for the 2010 Proficiency Assessments for Wyoming Students (PAWS) should have been received at your district office by October 15th. The contents of the shipment are arranged in the following manner:

- Student reports are separated by school.
- Each school's student reports are ordered by grade level.
- Two copies of each student's report are arranged alphabetically within a grade level:
 - One student report is provided for the school's record.
 - The other student report is to be distributed to the parent or guardian.

Because of the problems in the PAWS 2010 test administration experienced in many schools, please be sure to check student reports for obvious errors before they are distributed to students and parents. If you find errors, please contact Melissa Irvine at the Wyoming Department of Education (WDE), 307-721-1926, mirvin@educ.state.wy.us and delay distribution of these reports until any issues with accuracy are resolved.
